

Dear members,

“EuroCham is the Voice of the European Business in Singapore.”

Mr Jose Manuel Silva-Rodriguez, Director-General for Research of the European Commission (more info on http://ec.europa.eu/dgs/research/silva_en.html)

will visit Singapore from 9 - 11 July 2008. He has a meetings program set up with representatives from Singapore National Research Foundation, NUS and A*Star.

During his visit in the city, he would like to take this opportunity to meet with research personalities from European companies in Singapore to understand regional initiatives/role of Singapore in the field of research.

If you feel your company should send a representative, could you please identify and recommend who would be suitable to meet Mr Silva?

A Breakfast Meeting, on a small committee basis, will be set on this purpose probably on Friday, 11 July 2008 from 08:00 - 09:00hrs at Shangri-la Hotel.

Kindly indicate your interest in this meeting by June 20th.
If any question should arise, do not hesitate to contact.

With best regards,

Valerie Guibert
Manager
